## Most Costly Crop Famine.

The severe existing drouth is visiting the Commonwealth with the most costly crop famine in the history of Kentucky. Loss to the farmers of the State will exceed \$30,000,000. Cost of living will be nearly 20 per cent. higher next winter than last as a result. These figures are based on estimates by Commissioner of Agriculture, John W. Newman, calculating on former crop yields.

Reports from all sections of the State give evidence of desolation and ruin visited upon the cornfields, tobacco lands and wide stretches of blue grass, made as if a destructive torch had been applied to some picturesque scene of peace and plenty.

The effect of the drouth which is viewed with greatest alarm in city and town in the tremendous increase in the already high cost of living and consequent suffering that will ensue as a result of the complete failure of many staple farm products.

## Pensions Allowed.

The State Confederate Pension Board met at Frankfort Tuesday and passed favorably upon 237 applications for pensions. These will receive \$10 per month including back pay from the time they made application. Vouchers will be mailed to all pensioners Nov. 5th.

James Harrison is the only applicant from this county so far allowed a pension. The other applicant's will be passed upon later.

The report comes from Lexington that Miss Reese Shimfessel, whose illness was reported in our last issue, has grown worse and that her trouble has developed a severe attack of appendicitis, which means an operation.

## Died in Texas.

Mr. Harvey Carr has received a telegram from Miami, Texas, sadly announcing the death of his granddaughter, Besse Mae Christopher, who passed away at 2 o'clock yesterday afternoon. Deceased was the oldest of Mr. and Mrs. L. G. Christopher and was an accomplished young lady nearing 18 years. She was operated on at Wichita, Kas., June 30, for appendicitis, and remained there two weeks before she died when she was brought home. The many Kentucky friends of Mr. and Mrs. Christopher, the girl's parents, will read this notice with deep sorrow, and enter into great sympathy with the bereaved parents in Texas and the bereaved grandparents, Mr. and Mrs. Harvey Carr, of this city; and also the bereaved grandparents, Mr. and Mrs. David Christopher, of Miami Texas, all of whom loved their darling Besse so dearly, as did all others whose favor it was to know her.

## Dick Smothers' House Burned.

The former residence of Dick Smothers, colored, who is now serving a life term in the penitentiary for the murder of Marshal A. T. Pettit, was burned to the ground about seven o'clock Friday evening last. The house is supposed to have been set afire, as it was unoccupied, the plunder of the condemned man still remaining with his property. There is no clue as to the guilty person or persons. For a few days before it burned the front door was noticed standing open by several persons, and it probable that some one pillaged the house and then set fire to cover up their theft.

James W. Shearin, of Danville, is in the city and expects to remain here and in the county about two months.

## Good Roads Once in Kentucky

Kentucky has had good roads. At one time in our history we had the best system of turnpikes that prevailed in that era. We have some good roads now, but they should be better and more of them. Conditions now demand better roads than were called for fifty years ago. Kentucky still has good foundations for good roads, and excellent material for building and maintaining them. Our great trouble is in lack of maintaining what we have; a systematic method of repairs. Instead of the roads being worked over once or twice a year, they should be attended to at all times. A man with a cart or wheelbarrow and shovel should have a section to keep in repair all the time; he should be on his job constantly watching for spots that wear and make his repairs at once.

This system is worked in several of the old countries of Europe—Germany and France, for instance—and during harvest time these repairers are allowed to leave their roads in order to help in the harvests and make more money.—Our Country.

## Natural Death.

A negro actually passed into the great beyond at the construction camp of Johnson & Briggs Saturday, by the natural death route, tuberculosis being the cause assigned. This is the first death from a natural cause ever reported from the construction camps, about twenty-five having been killed by explosions, cave-ins, personal encounters, etc. When the report was given out Sunday that a negro had died a natural death at one of the construction camps, the public refused to take it seriously until full proof was established. Sunday was the first time in many weeks that the county coroner has not been called on to hold an inquest over some negro, who had been killed by violence or by an accident.—Winchester Democrat.

## Sues for Heavy Damages.

Floyd Day, of the Day Lumber & Coal Co., this city, has sued Charles J. Doherty, at Louisville to recover \$42,880, alleged to be due as overcharges on 320 shares of bank stock in the First National Bank, of which Mr. Doherty was a director.

The petition sets out that Mr. Day purchased stock at \$140 per share, or \$64,000 for the whole amount, believing this to be its true value, exclusive of good will, because of alleged statements made in a report of the bank July 18, 1908, and sworn to by Charles J. Doherty.

## Notice to Taxpayers.

I, or one of my deputies will be at the following places the time mentioned for the purpose of collecting tax:

At Clay City, Aug. 30,  
" Hardwick's Creek and Roger's Chapel, Sept. 5,  
At Virden and Nada, Sept. 12,  
" Stanton and Bowen, " 19.

The tax books are so heavy that they cannot be carried at all times, thus persons who do not pay their tax at these places will be required to come to the county seat and pay.

T. C. Hall, Sheriff.

## STANTON NEWS.

Mrs. Campbell, of Cleveland, O., is visiting Miss Frances Kabele and Prof. and Mrs. J. C. Hanley.

Miss Esther Broad went to Lexington Friday to meet Miss Elsie McDill of New Concord, O., who will again teach in our college.

Mr. Clarence Neal, son of Wm. Neal, was married last Thursday to Miss Hester Reed, of Old Furnace country, near Mt. Springs church.

Mrs. Sarah Blackburn and her daughter, Mrs. Thomas, of Jacksonville, Fla., are spending a fortnight at French Lick Springs, Ind.

The baby of Van Martin was buried Monday of this week. And the baby of Frank Wyatt's son-in-law was buried Sunday in our cemetery.

Mrs. Visa Deeds and three children, of Owsley county, are here visiting her brother, Green Caudill, of Hatton Creek, and her father also.

Mr. and Mrs. Edward Welch, of Burgettstown, Pa., arrived last Thursday to teach in our college and have rented the Crawford property for the coming year.

James Welch returned Thursday from a visit to his daughter, Mrs. Perl Ferguson, of Cincinnati. His little grandson returned with him and will enter Stanton College.

Mr. A. T. Stewart has gone to Swango Springs, near Hazel Green, where he will recuperate up and get ready for the coming campaign. Mr. Stewart is a splendid young man and will give his opponent a hard race for County Attorney.

Eunice, Elbert and Willie C. Lith, Eveline, Virgil Crowe and Maggie Lyle returned Friday to the Masonic Home after several weeks visit with their parents. The Home is doing a great work in the training and educating of these children.

The writer was over on the Hunting Fork of Holly Creek in Wolfe county over Sunday. The corn crop is going to be fine there as they have not suffered from the drouth as we have. Old corn is plentiful and can be bought for 50 cents a bushel. Two hundred bushels were sold on last Saturday for that amount but they say they are going to ask 60 cents since the drouth has been so severe over the State.

Like a bolt out of a clear sky, and all unexpected, and to our utter amazement and astonishment, bewildering us and leaving us dumb without speech, shocking our modesty and sensibility, that much talked of, heralded from ocean to ocean and across the expanse of the universe, that creation of fashion which men and women must bow the knee to, whether it makes us look like fools or a genius, and shows us how utterly slavish we are to the god of dress, to wit, the slit skirt came into our midst like a meteor and then vanished out of our sight.

Stanton College opened on Monday of this week with appropriate exercises. The main address was delivered by Judge Lyman Chalkley, of State University of Lexington,

and was said by those who heard it to be great. The college has enrolled the largest number of students ever enrolled at the fall term and we are glad to hear that. We trust that every young man and woman in our county will take advantage of such a splendid institution of learning and not only here, but that the schools all over the county will be patronized well. There is a state law in force that all boys and girls in certain school age must attend school, and we trust that the proper authorities will see that it is strictly enforced. Many men and women today would give anything if they only had been compelled to attend school while they were of schoolage. They did not realize its value then, and not until it was too late.

We are living in the greatest era ever known to man and we are the mightiest nation on the face of the earth. This we owe to Christianity. The greatest factor in the spreading and growth of Christianity and enlightening of the world has been consecrated and Godly men and women working through the Church, making an organized effort that the whole world should know of the tragedy and victory on Calvary's Mountain. The Church in proclaiming the gospel of the uplifted Christ through men and women for these centuries gone by has been the means of transforming this old world of ours. Men laid down their lives and suffered martyrdom and history records awful persecutions of Christians in the early days because they would not renounce their faith. During the Dark Ages when the world struggled for twelve hundred years through terrible persecutions and blackest night of groping for the light the Church never faltered, and we are thrilled when historians tell us how martyrs stepped unflinchingly into the flames or faced death in the most horrible manner, and died for their faith. When Christ gave the command to go in to all the world and preach His gospel to all people, the Church has striven to carry out that commission. And it has through its Godly men and women sent out, proclaimed the gospel to millions in savagery and heathenism and led them into the light of Christianity. Today we are engaged in a mighty conflict that has been waging for nineteen hundred years, but the Church has fought valiantly and nobly. Men are giving their very life blood and sacrificing everything to keep this glorious Christian nation. The devil with his legions to aid him is fighting for supremacy of the world but the Church that knows no defeat is marching on to victory. Some are standing afar off and watching the Church storm the tremendous forces of Satan and not doing their part. Others are telling the people, the Church has been wrong these nineteen hundred years, that our sainted fathers and mothers who died with the hope of glory and who have left a heritage of their noble and Godly lives, were disillusioned and wrongly taught. But we stand today stronger than ever before. The records of history and the approval of God gives us the assurance that Christ has been our leader and He has led the Church forward into this world-wide battle of winning it for Him. True the Church has made her mistakes, but the gates of hell have never prevailed against her.

We trust that every man and woman in Powell county will not forsake this mighty army because of discouragements or because some are standing on the outside and criticizing our methods and plan of organization. We need your help in this greatest of all warfare. Are you equal to the emergency?

## CLUB RATES.

For the convenience of our subscribers, we have arranged club rates with the following papers at prices below mentioned:

The Times and	
Courier-Journal	\$1.00
Cincinnati Enquirer	1.10
Louisville Herald	90
Home and Farm	75
Inland Farmer	.75
American Farmer	90
Southern Agriculturist	75

When President Wilson ordered the Secretary of the Treasury to announce that from \$25,000,000 to \$50,000,000 would be deposited by the government in the banks of the South and West, with which to "move the crops" if that much were needed, he made a "big hit" with the farmers. Heretofore under the Republican rule, "Wall Street" would squeal about shortage of money, and then large sums would be deposited by the Federal government in the Wall Street banks, and then they would lend the money to the western and southern banks, which in turn would loan it for crop-moving purposes. Under the Wilson method they get the money without paying tribute to Wall Street. We are not apt to hear of any more tightness about moving the large crops of this year.

The Jackson Times flays the Kentucky Railroad Commission for not reducing some of the confiscatory freight rates now in force over the L. & N. from Lexington to Jackson. From what we can observe in the controversy between the Jackson paper and our esteemed member of the Commission, Mr. Garrett, it would be a good idea for Bro. Musick to make the complaints of his paper in a formal way before the Commission. The rates are too high as Bro. Musick says and we would be glad to go Bro. Musick partners in getting them properly reduced. We believe the Commission will act when asked to do so.

And say, how about the Commonwealth, in the Breathitt Circuit Court annulling the illegal sale of the L. & E. to the L. & N.? Our representatives down here can find no law to act upon, they say.

The high cost of living is brought about by high living on one hand, and on the other hand, a tendency of labor to quit farm work in favor of public works and railroading, thus transferring every year thousands of food producers into food consumers. If farmers must pay for labor as much per day (and they must do this if they keep their labor) as manufacturers and railroads, they will have to get even still more than they are now getting for their grain, their sheep, their hogs and cattle. This means still an increase in the cost of living from year to year, as the price of labor advances in the future, as it has advanced in the past.

The writer is inclined to the belief that the people of Clay

City are the most patient and enduring set living, and we think this is daily proven by mentioning the telephone service existing in this city. The franchise should be revoked and another one sold that the business might pass into the hands of some one who will give us some service, not forgetting, however, to have proper rates stipulated. It is up to the City Council. Will they act in this matter, or will they accept the telephone company's usual apologies and promise to do better. The people demand an improvement or an abandonment of the service we have, or rather that we have not got.

The laws of Alabama have forced the L. & N. railroad to adopt a 2 1/2 cent rate. How do our candidates for Representative stand on low passenger rates in Kentucky? Are you gentlemen in favor of lowering the present rates, or do you think the railroads are not now charging too much when they get 3 cents per mile? Speak out and let the people know where you stand on this important matter. Many other States have a lower rate, then why not Kentucky?

There is a great agitation for a reform tax system in Kentucky, and much money is being spent by its promoters. The system seems better to us than the operation of what system we really have. Make the railroads and some of the big corporations of the State pay tax as the poor tax-burdened farmers have to do, and we think the present system will be more satisfactory to the majority of the people of the State.

J. Will Clay has been declared nominated for State Senator in the Montgomery-Bourbon-Clark district over his opponent, Rufus Hadden, by seven votes. Hadden will contest on the grounds that Clay bought votes in Clark county as in Montgomery county also. It seems that

he is going to dip into that \$1,000 reward fund raised in Clark county to prosecute vote buyers and sellers in that county.

Is a violator of the laws of our land a fit man to put into office to enforce the laws that he himself violates and induces others to violate? There are a plenty of such men in office and others now seeking office. Voters, awakened to the all importance of putting observers of the law into office, whether it be for school trustee or Governor of the Commonwealth.

This is the most-leisure season of the year with farmers, and as farmers and farm laborers must keep up the roads of the county, whether justly or not, it is time overseers were getting busy where they have not yet begun. Late workings of the roads are never so satisfactory as when they are worked earlier in the season and given time to properly pack down.

Some of the defeated candidates in the recent primary have yet not been heard from nor seen, but we guess they will get over it in time to come out to attend the after taking celebration the day after the November election.

The Democrats have been in power now most six months and the country still rides high waves of prosperity. What has become of the Republican calamity howlers?

### Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin-disease known as "tetter"—another name for eczema. Seems good to realize, also, that DR. HOBSON'S ECZEMA OINTMENT has proven a perfect cure.

Mrs. D. L. Kenney writes:—"I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail 50c.

### Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney &

Co., Toledo, O., contains no mercury, and in taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c. per bottle.

## LOCAL BREVITIES.

Dr. Irvin was in Irvine Monday.

Mrs. L. F. Mann is sojourning at the famous Oil Springs.

Prof. C. W. Campbell, of Lebanon Junction, was in the city the last of the week.

Misses Bennie and Joycie Rich, of Jackson, Tenn., are in the city visiting relatives and old friends.

The many friends of Mrs. C. C. Eaton will be grieved to learn that she is very low again with her old trouble.

Roscoe Bowman, who has been located at Normal, Ill., since early spring, has returned for a visit to his parents.

Mr. McCutcheon, of Sardis, Miss., joined his wife here Saturday who has been visiting relatives in the city several weeks.

Mrs. J. M. Hall and children, of Grain Valley, Mo., left Saturday for their home after several weeks visit to relatives in this county.

Mr. and Mrs. J. P. Colliver, of Ashland, visited relatives in the city over Sunday. They with Dr. and Mrs. C. B. Dickson came from Ashland in Mr. Colliver's handsome automobile.

County Judge G. A. McCormick, of Mt. Sterling, has sued the C. & O. Railway for \$30,000, for injuries sustained last December, when a train of defendant company ran over the Judge at a crossing, together with a daughter, who was killed. A. S. Hart, administrator of the deceased girl, at the same time sued the road for \$20,000 for her death.

See "Notice to Taxpayers" in this issue, and meet the Sheriff at the places mentioned and pay your tax to avoid yourself the trouble of going to the county seat to pay up.

The Rev. Chas. G. Mann left Tuesday for his old home at College Corners, Ohio, where he will join Mrs. Mann in a visit to their parents. They will return to Clay City about Sept. 1st.

The Rev. J. C. Hanley, President of Stanton College, will do the preaching Sunday afternoon in the Eaton park. A good crowd should be out to hear this splendid speaker and minister.

Elder J. T. Turpin, a former pastor of Powell's Valley church, was in the city Saturday shaking hands with old friends. Bro. Turpin is now in the midst of a revival with his church at Corinth Clark county.

**Minister Praises this Laxative**  
Rev. H. Stubenvoll, of Allison, Ia., in praising Dr. King's New Life Pills for constipation, writes:—"Dr. King's New Life Pills are such perfect pills no home should be without them." No better regulator for the liver and bowels. Every pill guaranteed. Try them. Price 25c. at all dealers.—Adv.

**School to Begin Sept. 1st.**  
The city schools will begin Sept. 1st, with Prof. J. D. Falls, Principal. The outlook is good for a most successful school year. Prof. Falls gave eminent satisfaction as Principal of our school last year, and the board may well congratulate itself upon placing him at the head of affairs in our school this year.

**The Best Pain Killer**  
Bucklen's Arnica Salve when applied to a cut, bruise, sprain, burn or scald, or other injury of the skin will immediately remove all pain. E. E. Chamberlain, of Clinton, Me. says:—"It robs cuts and other injuries of their terrors. As a healing remedy its equal don't exist." Will do good for you. Only 25c. at all dealers.—Adv.

The excessive hot weather continues with us.

### Farming Not so Profitable.

Farming is not the most profitable business in the world, railroad press agents to the contrary notwithstanding, according to a bulletin of the U. S. Department of Agriculture. For the first time in the history of farming in the United States the department has managed to get accurate data on the subject. It reports that the average income of the American farmer is \$640.40 a year. "It is reasonable to infer," says the department, "that at least half of the farmers in this country have even smaller incomes. Individual farmers here and there have incomes larger than this average, but the facts indicate that on the whole the incomes of the farmers in this country, even if we include as a part of the income those things consumed on the farm where they are produced, is certainly not more than sufficient to pay 5 per cent. on the investment and ordinary farm wages for the labor they do, and it is probably considerably less than this."

### Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists or by mail, 25c.

candidate, but just simply "holer" "hoora-fer-hooraw!"

W. N. Crabtree, our road surveyor, has put his road in good order. Say, Oh say, ye "Wise men from the East," when will we have a better road law?

Randall Hanks, of the South Fork, was here last Saturday on legal business. Mr. Hanks is the happy possessor of more Powell county soil than any other citizen in the county.

J. E. Barton, State Forester, at Frankfort, has written ye correspondent a letter to the effect that Powell county will be patrolled this fall by expert foresters from Washington, D. C.

The Times of August 14, says, "the railroads furnish an outlet for our best and wealthiest citizens." Would it not be better to ship those "knockers" that Prof. Hnley spoke of in his article of Aug. 7. People of Powell county, let one of your number say here and now, that when Mr. Hanley wrote that he certainly handed us something it will pay to read and re-read.

We quite agree with the editor of this paper when in a former issue he earnestly asked the voters to vote for competent men to fill the various offices in the county. That is the thing that we have been yelling about for seven years, but thus far have failed to get an audience. We are indeed glad to know that "Cousin" John has taken up the reins.

## Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

## You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

You can't make a mistake in taking

## CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

## RIGHT HERE IS YOUR CHANCE TO BUY THAT TYPEWRITER!

This is a straight-from-the-Shoulder Typewriter Talk by a Typewriter Man to the Readers of The Clay City Times.

No other typewriter built—regardless of any claims made—is the equal of the new Fox Visible Typewriter either in material used, or in workmanship, or in the number and convenience of its special features. There are many good typewriters being built and sold, but we claim for the new Fox Visible Typewriter that it is better than the best of these, and that its automatic features combined cannot be found in any other typewriter. The New Fox is a typewriter that will meet with the approval of the most critical user. A single demonstration will convince you—we will make it at our expense, if you will permit us.

Whether you have had the use of a typewriter or not, you have paid for one many times over. Yes sir, we mean it; every day you continue using the old, slow method of writing with a pen you are unconsciously paying for a typewriter. The farmer who cuts his grain with a scythe pays with every drop of sweat for a reaper. If you are neglectful of your wearing apparel and expose yourself unnecessarily to the rain and cold you are paying for the very things that would have kept you well and comfortable. Remember this and mark it well: You must pay—pay—for the necessities of this life, whether you use them or not.

## THIS IS THE NEW VISIBLE FOX "BETTER THAN THE BEST OF ALL OTHERS." SENT ON FREE TRIAL, Express Paid.

Look at the illustration of our New Fox Visible Typewriter, shown above, and compare it with any other typewriter you have ever seen or used. Here is a really VISIBLE typewriter—note that the printing point is on top in plain sight, and that the type bars rise from where they are lying and strike the platen in full view of the operator, and in a direct line of vision, and that all of what you have written remains in full sight until the paper is removed from the typewriter. Compare this with those old style typewriters, that some firms are still advertising as visibles, but on which the printing point is beneath the typebars, and you have to look down into them—or between them—to see what you have written. Touch a key in the keyboard and you change the color of your writing instantly from black, blue or purple to red. Press the Tabulator Key at the left (in front) for paragraphing, writing the complimentary closing, etc.; also for all kinds of billing. At the right (in front) is our Back Space Key. This moves the carriage backward for making corrections, or putting in punctuation. This key also enables the operator to erase a word of three letters and write one of four in its place. Press the Stencil Key shown at the left (front) for making stencils from which thousands of duplicate letters can be made. Four rows of keys reduce the shifting one-third. The right Shift Key locks automatically for writing in all caps. A positive automatic Line Lock prevents you from writing beyond a predetermined line. The ribbon travels in a "zig-zag" line—not straight across from spool to spool as on others—thus using all of the ribbon and making it last three or four times as long as on other typewriters. The ribbon automatically re-winds itself from one spool to the other without any attention from the operator. Carriages are interchangeable, and run on ball bearing tracks. Platens are removable, so that both a hard and soft platen can be used on the same typewriter. Extremely light touch. "No falling leaf is lighter than the touch of the Fox Typewriter." Choice of Elite, Pica, Condensed Roman, Medium Roman, or Italic Type—we carry more than three thousand special type in stock, of our own manufacture, and can furnish keyboards for any language. The Fox has an easy, almost noiseless action, is very durable, and is sent complete with cleaning outfit and metal cover with hardwood base.

This is the Fox, the typewriter we manufacture—this is the typewriter that we will send to anyone anywhere in the United States on Free Trial, all express charges fully paid—no "red tape"—no delay—no obligation to buy. If purchased after trial you can pay a little down—whatever you can spare—and the balance in small monthly payments.

Reader, in all sincerity we can honestly say this proposition has never been equaled by any other typewriter company, and all we ask is that you write us today—NOW—giving us your name and address, so we can send you our catalog and write you personally about our typewriter and Free Trial offer.
